## **LMI Aerospace Announces Conference Call to Discuss 2013 Fourth Quarter and Full-Year Results**

### **Call to be March 17, 2014**

ST. LOUIS, March 10, 2014 (GLOBE NEWSWIRE) -- LMI Aerospace, Inc. (Nasdaq:LMIA), a leading supplier of structural assemblies, kits and components and provider of design engineering services to the aerospace and defense industries, announced that it will host a conference call to discuss the company's fourth-quarter and 2013 full-year results.

The conference call will be Monday, March 17, 2014, at 9:00 A.M., CDT. LMI Chief Executive Officer Ronald S. Saks and Chief Financial Officer Cliff Stebe will host the call. LMI CEO-elect, Dan Korte, will also represent the company on the call. LMI plans to release the company's fourth quarter and 2013 full-year results prior to market open on Monday, March 17, 2014.

To participate in the call, please dial 866-307-3343 approximately five minutes before the conference call time stated above. A live webcast of the call can be accessed directly from LMI Aerospace website at <http://ir.lmiaerospace.com/events.cfm> and clicking on the appropriate link. A recording of the call will be available on the company's website upon completion of the call.

LMI Aerospace, Inc. ("LMI") is a leading supplier of structural assemblies, kits and components and provider of design engineering services to the aerospace and defense markets. Through its Aerostructures segment, the company primarily fabricates machines, finishes, integrates, assembles and kits machined and formed close tolerance aluminum, specialty alloy and composite components and higher level assemblies for use by the aerospace and defense industries. It manufactures more than 40,000 products for integration into a variety of aircraft platforms manufactured by leading original equipment manufacturers and Tier 1 aerospace suppliers. Through its Engineering Services segment, operated by its D3 Technologies, Inc. subsidiary, the company provides a complete range of design, engineering and program management services, supporting aircraft product lifecycles from conceptual design, analysis and certification through production support, fleet support and service life extensions via a complete turnkey engineering solution.
