## **LMI Aerospace Announces Conference Call to Discuss 2013 First Quarter Results**

### **Call to be May 10, 2013**

ST. LOUIS, May 1, 2013 (GLOBE NEWSWIRE) -- LMI Aerospace, Inc. (Nasdaq:LMIA), a leading supplier of structural assemblies, kits and components and provider of design engineering services to the aerospace and defense industries, announced that it will host a conference call to discuss the company's first quarter 2013 results.

The conference call will be Friday, May 10, 2013, at 9:00 A.M., CDT. LMI Chief Executive Officer Ronald S. Saks and Chief Financial Officer Lawrence E. Dickinson will host the call. LMI plans to release the company's first quarter results prior to market open on Friday, May 10, 2013.

To participate in the call, please dial 866-307-3343 approximately five minutes before the conference call time stated above. A live webcast of the call can be accessed directly from LMI Aerospace website at <http://ir.lmiaerospace.com/events.cfm> and clicking on the appropriate link. A recording of the call will be available on the LMI web site upon completion of the call.

LMI Aerospace, Inc. is a leading provider of design engineering services and supplier of structural assemblies, kits and components to the aerospace and defense markets. Through its Aerostructures segment, the company primarily fabricates, machines, finishes, integrates, assembles and kits formed close tolerance aluminum and specialty alloy and composite components and higher level assemblies for use by the aerospace and defense industries. It manufactures more than 30,000 products for integration into a variety of aircraft platforms manufactured by leading original equipment manufacturers and Tier 1 aerospace suppliers. Through its Engineering Services segment, operated by its D3 Technologies, Inc. subsidiary, the company provides a complete range of design, engineering and program management services, supporting aircraft product lifecycles from conceptual design, analysis and certification through production support, fleet support and service life extensions via a complete turnkey engineering solution.
